Dear Miss Bent,

I want to express my gratitude and appreciation to you and the staff at The Bristol for helping me celebrate my 93<sup>rd</sup> birthday with my family. Seven adults and two children representing four generations of my family enjoyed lunch together in the private dining room on Sunday, October 16<sup>th</sup>. The dining room staff was attentive and responsive to our needs. Each guest was able to order a different meal from the large number of selections on the menu -- from hot dogs for my great-grandchildren to baked salmon for my daughter-in-law. And the children were free to play in the comfortable room in a way that would not be possible in a restaurant.

It is a wonderful benefit to have the use of the private dining room. I look forward to celebrating many more occasions with my family at The Bristol!

Sincerely,
